

# **AFWay Status Update**

---

***The Information Technology Center of Excellence for the Warfighter***

# Overview

---

- **Purpose: Update Contracting FRB on AFWay Program status**
  - **ITCC Support**
  - **AFWay Version 2.5**
  - **COTS Replacement**
  - **Summary**

# ***ITCC Support***

---

- **Sep 03 Quarterly Enterprise Buy**
  - **Tiered-pricing catalogs loaded on AFWay**
    - Initial effort increased AF buy power by 22% and put 5000 additional units into hands of warfighters
- **Apr 04 Quarterly Enterprise Buy**
  - **Tiered-pricing catalogs loaded on AFWay**
  - **COTS data gathering tool added to AFWay to allow input of requirements at base level**
    - Saved over 1000 manhours of labor to consolidate requirements for AF buy; affected every MAJCOM

# ***AFWay Version 2.5***

---

- **AFWay Version 2.5**
  - **Scheduled for release 3 Aug 04**
  - **36 enhancements**
    - **Improve customer notification emails**
    - **Reformat multiple shipment screen for easier use**
    - **Allow system administrator review of waivers**
    - **Database corrections**

# ***COTS Replacement***

---

- **Awaiting BMMP approval to proceed with COTS acquisition**
  - Finalizing BMMP approval briefing; anticipate OSD review by mid-June
- **Concurrently working acquisition strategy with SSG/AQ**
  - Preparing RFP and Risk Assessment
  - Contract award within 75 days of receiving approval
  - FRB members will be part of stakeholder group guiding design of new site (identifying business rules and processes)

# ***Summary***

---

- **Pursuing BMMP approval to acquire COTS solution**
- **Continuing to enhance AFWay until COTS contract award**
  - **Minor modifications only to improve existing capabilities**
